

Gaffer Cloth Tape 1530NR

Product Data Sheet

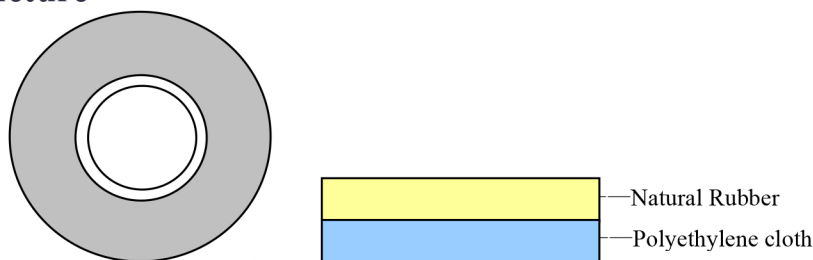

Updated: January 2015

Supersedes: Previous Spec

Features

- Gaffer cloth tape 1530NR is LDPE coated cloth that does not reflect light. It is a heavy cotton cloth pressure-sensitive tape with strong adhesive and tensile properties

Structure

Applications

- Used widely in the film and television industry as well as staging and production

Properties

Item	Test value	Test method
Thickness(Micron)	300	ASTM D3652
Peel Adhesion(N/25mm)	12	ASTM D1000
Tack Rolling Ball(CM)	22	ASTM D3121
Tensile Strength(N/25mm)	14	ASTM D3759
Elongation(%)	10	ASTM D3759
Temperature resistance(°C)	-30 ~ +90 °C	-----
Weather resistance	Good	-----

Shelf Life

To obtain best performance, use this product within 2 years from date of manufacture and store under normal conditions of 20°C to 30 °C and max. 65% humidity in original packing.

Values presented have been determined by standard test methods and are average values not to be used for specification purposes. Our recommendations on the use of our products are based on tests believed to be reliable but we would ask that you conduct your own tests to determine their suitability for your applications. This is because Tape-iT shall not accept any responsibility or liability of loss or damage caused as a result of our recommendations.
